## WORKING THE STRATEGIC PLAN

The discussion moved to who would take on being the Project Lead for actions to start the work needed.

## CONSERVATION & PRESERVATION

Trees – we need someone to take on working with the Environmental Commission and Lee Farnham.

Biking and Pedestrian Walk ways – Michael Nordquist will head up this initiative.

Streets and Sidewalks – Mary Corrigan will work this action.

Heritage Tours – Lisa Feldman will reach out to the Historic Society to see what is currently being done.

## COMMUNITY

Identify Neighborhoods – Carolyn Steward will work with the Braeburn Neighborhood Association to help identify people who have an interest in developing neighborhood associations. Kathy Wollert has extensive knowledge of the neighborhood boundaries for mapping.

Waste Education – Joanne Mallowney will work on outreach and education. Rebecca Lynn will be running a compost workshop. In May there is an International Composting week.

Freecycle – Freemarket samples have been submitted to the township, waiting on a response.

## CONCLUSION

There is still \$2500 left from the grant the needs to be spent. We have to decide what projects it will be used for.

The meeting was adjourned at 9pm.

Respectfully submitted,

Mary Corrigan
